What our customers say

„Working with the Gefühlsmonster cards has been extremely well received. For the first time, participants are no longer just talking about content, but about feelings.“ (Global Corporation Team Camps)

„The atmosphere often changes as soon as I introduce the cards into my conversations.“ (Therapist)

„For me, the Gefühlsmonsters are very helpful because the children can use them to express themselves very clearly when they are not yet able to name their feelings well.“ (School Social Worker)
